Join us as we vacation in the entertainment capital of the world, Branson! We have an awesome line up of shows, including the Grammy-winning jazz saxophonist **Kenny G!**

You'll have the chance to see what a **great performer he is**, sounding as good **in person** as he sounds **in the studio**. You'll get to not only **hear** his songs, but really **feel** them in this live, spontaneous **stage performance** that will make you want to dance! But that's not all! We will see the Brett Family Show, Shoji Tabuchi, the Twelve Irish Tenors and one of the newest sensations to hit Branson, "Noah" at the new Sight & Sound Theatre (shows are subject to change at any time). In addition, we will dine at the famous Lambert's Café, "home of the throwed rolls" ... not only is their food excellent, they have wonderful rolls (which you should try to catch!). I hope you can join us on this trip! Stop in or call for more information!
